## The British Columbian.

WEDNESDAY, MARCH 6, 1867.

## LEGISLATIVE COUNCIL.

House met at 3 o'clock on Monday. All the members present excepting Messrs. Brew and Pemberton.

Minutes of previous meeting were read and confirmed.

## MESSAGES, NO. 14.

The hon. the Presiding Member read a Message from the Governor assenting in her Majesty's name to the Ordinance to prevent the unreasonable destruction of game.

## PETITIONS.

Hon. Dr. Holmcken presented a petition from certain Victoria merchants praying that the Customs duty on dry goods might be reduced to 7 1/2 per cent, in order to encourage trade with Puget Sound.

Hon. Mr. DeCosmos presented a petition from Pat. Edwards, praying that a liquor license might be granted.

## NOTICE OF MOTION.

Hon. Capt. Stamp gave notice that he would move that the Customs Duties should be remitted upon articles imported for the lumber trade.

## REPORT.

Hon. Mr. Hargley, as Chairman of the Select Committee appointed to revise the Customs Tariff, reported. Report accepted and laid on the Table.

## ORDERS OF THE DAY.

The House resumed the consideration of the Victoria Incorporation Bill in Committee of the Whole, which occupied the remainder of the sitting. After disposing of two or three clauses the Committee rose, reported progress, and asked leave to sit again, and the Bill was referred to a Select Committee—precisely what ought to have been done in the first instance.

House adjourned till 2 o'clock on Tuesday.

## TUESDAY'S SITTING.

The House met at 3 o'clock yesterday, all the members being present excepting the Messrs. Brew and Pemberton.

Minutes of previous meeting read and confirmed.

## MESSAGES.

The hon. the Presiding Member read the following Messages from his Excellency the Governor:

No. 15. Refusing consent to the Concise Ordinance, and recommending that each Ordinance should be concise in itself.

No. 16. Signifying his Excellency's assent to the Sheriff's Ordinance, the Indian Graves Ordinance and the Intestate Estates Ordinance.

No. 17. Recommending that the "Common Sections" clauses should be struck out of certain Ordinances.

The House went into Committee of the Whole upon Message No. 17, and reported Ordinances amended.

## NOTICE OF MOTION.

Hon. Mr. Walkem gave notice of an address to the Governor respecting a Bill to make the Admiralty practice here the same as in England.

## ORDERS OF THE DAY.

Hon. Mr. DeCosmos asked to have his resolution on Confederation postponed until Friday. Leave granted.

Hon. Mr. Robson moved that a respectful address be presented to his Excellency the Governor recommending that four manufactured from wheat raised in the Colony should be allowed to pass over the public roads free of Road Tolls.

The resolution was, after some discussion, carried.

Hon. Capt. Stamp asked to have his resolution respecting the exemption of articles used in the lumber trade from Customs duty postponed. Leave granted.

Hon. Mr. McDonald moved, That in the opinion of this Council the Common School System at present in force in Vancouver Island is a great boon to a large number of the inhabitants, and ought to be maintained, especially in such parts of the Colony in which the population may be concentrated.

This resolution provoked a lengthy and animated debate upon the general question of Education, in which Messrs. McDonald, Holmcken, DeCosmos, Barnard, Crease, Young and Robson took a prominent part. An amendment was moved by Hon. Mr. Robson to refer the whole question of Education to a Select Committee. No division was taken, and the debate was adjourned until Friday.

## COMMITTEE OF SUPPLY.

The House resumed in Committee of Supply, to consider the item for interior Mail Service, strangers having been removed. The Select Committee on the Postal Service reported, and the whole question was discussed. The Committee rose reported the Estimates complete, and the report was adopted. An ineffectual attempt was made by Messrs. Holmcken and Walkem to have the Crown Salaries resolution recommitted for the purpose of making certain changes.

## FROM CARIBOO.

The Cariboo Express reached this City on Monday, bringing files of the *Sentinel* of the 15th February from which we take the following:—

## WILLIAMS CREEK.

Never since the discovery of Cariboo did prospects look brighter than they do at present, those traces of care and want so evident during past winters are almost wholly effaced by the constant working of many paying claims and rich discoveries recently made. Many old claims have become new and old leads that have been lost for years have been found, and even beyond these bounds of certainty, the advanced stage of many prospecting claims in most favorable localities holds out the brightest hopes of general prosperity. The source of the rich deposit found between Richfield and the canyon has hitherto been a great mystery, but it is all but solved by the discovery of a well defined rich lead of red gravel in the east bank a short distance above the town. All the claims above the town paid expenses during last summer and many of them paid much more; they have all worked during this winter except one, and of those that are working all are paying but one.

Those now working are the Bradley-Nicholson Co. paying over expenses, China Co. paying over expenses, Taylor paying over expenses, Also the Caskey, Brouse, Well Mary Ann, and Cameron Cos. are all paying over expenses.—The Dutch Bill Six-toed Pete Wake up Jake, Caledonia, Never Sweat, and Last Chance, are making wages.—Forward is paying well; this is the company that has struck the hill channel of red gravel.—McLaren has just commenced working.—The Cornish, Forest Hill, Tyack, and Tontine have joined together for the purpose of running a tunnel into the hill to prospect for a back channel.—Welsh, was taking out good pay until last week when a series of law suits regarding the priority to the water for mining purposes, between the Welsh and Wake up Jake, and between the Cariboo and Welsh, prevented them from working.—The Cariboo washed up 80 ounces last week.—Hit or Miss is paying well.—The Borealis is again counting its yield of gold in ounces by the hundred, the pay is found near the Davis line and stock in that company has taken a rise.—The Dead Broke has worked most of the winter but is now closed down by the severe frost.—Forest Rose is working underground and is paying dividends, the gold is found in the back part of the ground which is a favorable indication of a back channel.—The Ruby is washing underground and paying over expenses. The Rankin has found good prospects in an upper stratum and is now running a tail-race. The Prairie Flower has sunk a shaft about 100 feet deep and is drifting from it. The Red Rock Drain will tap the Baldhead ground in about five weeks.

## CONKINS GULCH.

The United washed up during the last six days it worked 845 ounces but was forced to quit for want of water; it is certain now that the United has found the Ericson lead, the break in the rim-rock through which the Ericson was fed has been found. The Home-Stake immediately adjoining the United drove a tunnel into the side hill and found the channel, but the tunnel was several feet too high. The company is now running another tunnel to strike the bottom of the channel. The Hood, adjoining the Home-Stake is running a tunnel for the same channel. The ground of the Lone Star is to be prospected through the Hood's old tunnel, the new company is to begin operations immediately. The Britannia further up the gulch is taking out good pay. The whole of this gulch has been located on both sides to the summit.

## GROUSE CREEK.

The Full Rig washed up 112 ounces and the Discovery 130 ounces last week.

## CANADIAN CREEK.

This creek is situated between Williams and Grouse, and if the claims prospecting there should strike it before spring this section of the district will employ all the men in the country.

DRAMATIC.—The performance at the Metropolitan Theatre, on Monday night, was very successful, both as regards the attendance and the character of the play. The House was crammed, and amongst the audience we observed most of the Members of the Government and the Legislative Council and the Naval Officers. The Dramatic Club fully maintained their reputation. Several of the comic songs and local hits were very amusing.

NAVAL.—H. M. Gunboat Forward arrived from Victoria yesterday morning, and came to anchor opposite the Camp. The Sheerwater is expected up in a few days. We understand it is the intention of Capt. Oldfield to visit this station about once a month.

THE NEW KINGDOM.—The telegraphic news which we publish in another column, respecting the Confederation of the British Provinces of North America, although meagre will be found to possess unusual interest.

THE HEALTH OF THE GOVERNOR.—We have much pleasure in being able to state that the health of His Excellency the Governor is steadily improving.

FROM HARRISONMOUTH.—The Str. Hope Capt. Insley, left for Harrisonmouth on Saturday and returned on Monday. Ice above that point prevented her proceeding farther.

## TELEGRAPHIC.

SPECIAL DISPATCH TO THE "BRITISH COLUMBIAN."

## EUROPEAN.

New York, March 2.—The *Herald's* Montreal special of today says the provincial territory will be declared a kingdom at the first meeting of the United Deputations, and Prince Arthur will assume charge of it. He is 17 years of age and one of his numerous names is Patrick, given as a mark of Royal regard for Irish people. He made his entry in public life in Dublin, and it is supposed he may do much in his executive capacity to neutralize the Irish tendency towards Fenianism.

London, Feb. 28.—The Directors of the Atlantic Telegraph Cable will hold a meeting on the 12th March to determine what reduction can be made on tolls.

A general feeling of depression prevails in financial circles and the Stock market is prostrate.

March 1.—The Bill creating the Canadian Confederation was read twice in the House of Commons.

Artemus Ward is dangerously ill at Southampton and his life is despaired of. Lord Stanley, Secretary of Foreign Affairs, in answer to an enquiry from the House of Commons to-night stated that neither Brazil nor Paraguay has ever asked the mediation of England.

VIENNA, Feb. 28.—The Turkish garrisons have been withdrawn from Servia.

VENICE, March 1.—The son of Garibaldi has gone to Canada to help the Cretons.

PARIS, March 2.—A dispatch from Vera Cruz says communication with the capital is entirely closed and Maximilian consequently has forbidden the transmission of dispatches to Europe giving opinions on the state of the country.

ST. PETERSBURG, March 2.—The Czar has secretly urged the Porte to cede Candia to Greece.

## CALIFORNIA.

San Francisco, March 2.—The Idaho should have sailed this morning at 10 o'clock for Portland, but we learn that she did not on account of not having a Columbia River Bar Pilot. The Idaho is advertised to sail on Tuesday.

STRAWBERRY VALLEY, March 4.—We have had the severest snow storm ever known in this section. It commenced on the 19th Feb. and continued up to yesterday. The roads have been completely blocked up since the 20th Feb. Wells, Fargo & Co. are making every effort to open the road. The snow is four feet deep here and twenty on the summit.

SAN FRANCISCO, March 3.—Steamer Active arrived from Victoria.

## THE INDIAN RESERVE QUESTION.

To the Editor of the *British Columbian*.

Sir,—In reading the proceedings of our Legislature I was struck by the common sense ideas of Messrs. Robson and Barnard in reference to the Indian Reservation question, and was really sorry to see the question limited to the low country. Why not extend the measure to the whole country, and give the land to the productive classes? Where is the sense, or of what value is the policy of keeping an extent of country locked up for the benefit (nominally) of a class who never avail themselves of the land? As a case in point, look at the Bonaparte Reserve: Here is an extent of eight miles on both sides of the river claimed by the natives; on this reserve there are flats, wholly uncultivated, sufficient for three large farms, that men with sufficient energy and means could and would irrigate and cultivate. Of these eight miles of country how much do you suppose the natives cultivate? About the centre of the reserve is the only village or residence of natives, and here are their gardens all within one enclosure, with a small stream running through it, affording every facility for irrigation; and this enclosure consists of about three or four acres of clear land, about one third of which is cultivated with potatoes, the only crop Indians do cultivate. Now, according to the statement of the Messrs. Ball and Cox, they thought it necessary to set apart eight miles of territory to preserve this Indian garden of three or four acres from trespass. Again they say it is a narrow strip; how narrow it may be they do not say; the valley itself is narrow, and if there is land outside worth cultivating, (which I do not believe) the water necessary to irrigate would have to be brought from the river on the reserve. Is it policy? Is it justice thus to close the country against good settlers? men who would gladly avail themselves of the land to make homes for what? A supposed benefit to the natives; no actual benefit, as they do not possess the industry nor intelligence to turn the land to good account. Give the natives all they will cultivate. No settler will trespass on that, and all settlers that I know would be glad to see them work more than they do, or are ever likely to. But open the uncultivated lands to actual settlers and bestow a benefit to some, justice to the country, and injury to none.

**CODVILLE LANDING!**

Important to Packers, Stock Drivers, and the Public in General.

THE Public are respectfully informed that James Codville, of the wide renowned Codville Landing Ranch, is prepared to receive any number of animals and cattle to reach this coming winter, on the most liberal terms.

Large Reductions from the regular price made in favor of trains.

Persons intending wintering their own stock can be accommodated with Hay in the stack, and stables and sheds for their animals, and Houses for themselves, on the most reasonable terms.

The Ranch is situated on the opposite side of the Fraser from that of Sumas, & on an island of miles long by 4 wide, is high and dry, no place where animals can mire, well protected from north winds, free from any kind of poison weed, and affords every facility, natural and artificial, for the accommodation of stock.

James Codville would also call public attention to the fact that he is prepared to furnish Hay at a very reduced price, and in quantities to suit all purchasers.

In returning thanks to the Public for past patronage, I am in hopes that the good condition in which I turned out animals on former seasons will secure for me a share of the Public patronage this coming winter.

Horse covers, pack saddles, and all rigging taken care of, and every satisfaction given for the least possible charge to those who may entrust their stock to me, or order Hay.

AGENTS.—DIETZ & NELSON, New Westminster. A. BARLOW, Esq., Yale.

Remember Codville Landing, not Sumas. An Hotel open and a ferry from the 1st October, for the travelling Public.

JAMES CODVILLE.  
N. B.—Stock bought and sold on commission.

**HOLLOWAY'S PILLS**

To Purify the Blood.  
These Pills have been placed by the common consent of mankind at the head of all remedies for removing obnoxious poisons from the blood, and cleansing all the tissues of the body. They have saved thousands year after year from falling a sacrifice to the effects of dyspepsia, indigestion, diarrhoea, constipation, liver complaints, &c., & are acted by myriads of witnesses. Excessive weakness and debility, the warnings of decreasing organic energy and vital decay, are restored and reanimated with vigor and healthful action in every organ throughout the system, by the restorative and exalting influence of this medicine.

**Female Complaints.**  
All disorders of the sex, and diseases in every crisis, whether of the life and health of woman, youthful or aged, married or single, may be radically and quickly cured without risk or trouble, by a few doses of these Pills, taken according to the printed directions.

**Indigestion with languor and want of energy.**  
When taking these Pills, the celebrated Holloway's celebrated Ointment over the pit of the stomach, and over the region of the liver, on the right side under the ribs, and you will at once experience a change for the better in your digestion, spirits, appetite, strength, and energy. The improvement, though it may be gradual, will be thorough and lasting.

**DROPSY.**  
The effects of Holloway's Pills in dropsy is extraordinary. They act with such powerful effect upon the system, that the fluids arising from this distill disease are imperceptibly carried off and prevented from any further accumulation. The sufferer requires a language of spirits and vigor in a completely renovated constitution; but it is indispensably necessary that the Ointment should be most effectually rubbed into the complaining parts.

**Stomach, Liver, Kidneys and Bowels.**  
Those who suffer from bile and liver complaints, should try the effects of this valuable remedy, a few doses of which will make the sufferer feel elastic and vigorous, removing all impurities, giving healthy action to the liver; if bilious attacks be allowed to continue, serious casualties may arise, and the sufferer be constrained to a bed of sickness. In all disorders of the kidneys, the Ointment should be well rubbed into the small of the back, once or twice a day; and the Pills taken in union, will cure any complaint arising from these organs.

**Puffy.—Shortness of Breath with Weakness.**  
Very bad symptoms, which if not corrected, may lead to some serious disorders of the heart, or other vital organs. Eat moderately of solids, take six Pills nightly, and some little time take plenty of fresh air with moderate exercise, and the human machinery will be quickly restored to health and vigor. Try this but for three days only, and the result will be marvellous.

**Complaints incident to Children.**  
All complaints of children may soon be cured if care be taken to purify their blood, correct the action of the liver, and cleanse the stomach and bowels; a few doses of these Famous Pills will immediately have the desired effect, particularly if parents be careful in not allowing them to eat of things which they know would be injurious to themselves.

**Holloway's Pills are the best remedy known in the world for the following diseases:—**

Ague,	Female Irregularities,	Scrofula, or King's Evil.
Anemia,	Hits,	Stones and Gravel.
Bilious Complaints,	Indigestion,	Secondary Syphilis.
Bleaches on the Face,	Kindred,	Skin Diseases.
Bowel Complaints,	Liver Complaints,	Tic Douloureux.
